

Aurora Meldreth Manor

“The environment the staff create and how they are with the children is what makes this place what it is. It’s the best move we ever made.”

Education, care and therapeutic support for children and young people aged 6-19 with severe, profound and multiple learning difficulties, autism and complex needs.

At The **Aurora** Group

We believe in giving people the opportunities they need to create and lead fulfilling, independent lives.

Established in 2015, we are now the UK's fifth largest provider of education, care and support services for children and young people with special educational needs and disabilities. Each of our schools, colleges and residential homes retains its own unique identity while embracing and embodying our group's core values:

- We are caring. We understand that your experience in mainstream care and education may have been a difficult one. We take seriously our responsibility for the children and young people in our care, and are committed to making your time with us as positive and fulfilling as possible.
- We are ambitious. We have high expectations of all our children and young people, regardless of what barriers they may have faced in the past. We encourage them to expect more for themselves, while challenging employers and communities to understand and value their diverse needs and attributes.
- We are collaborative. Everything we do, we do in partnership with you. We actively seek and listen to feedback from students, parents and staff, to find out what's working well, what we can do better, and how we can further develop all our services to benefit the people we work with.
- We are trusted. Our business is funded by ethical investors. They understand that sustainable growth is possible only when we hold ourselves to the highest standards, by delivering consistently top-quality services to every single person we work with.
- We are innovative. We begin planning for each young person's future the minute they walk through our doors. We tailor our approach to their unique needs, and are constantly looking for new opportunities to help them explore, enhance and employ their own skills, talents and abilities.

Welcome

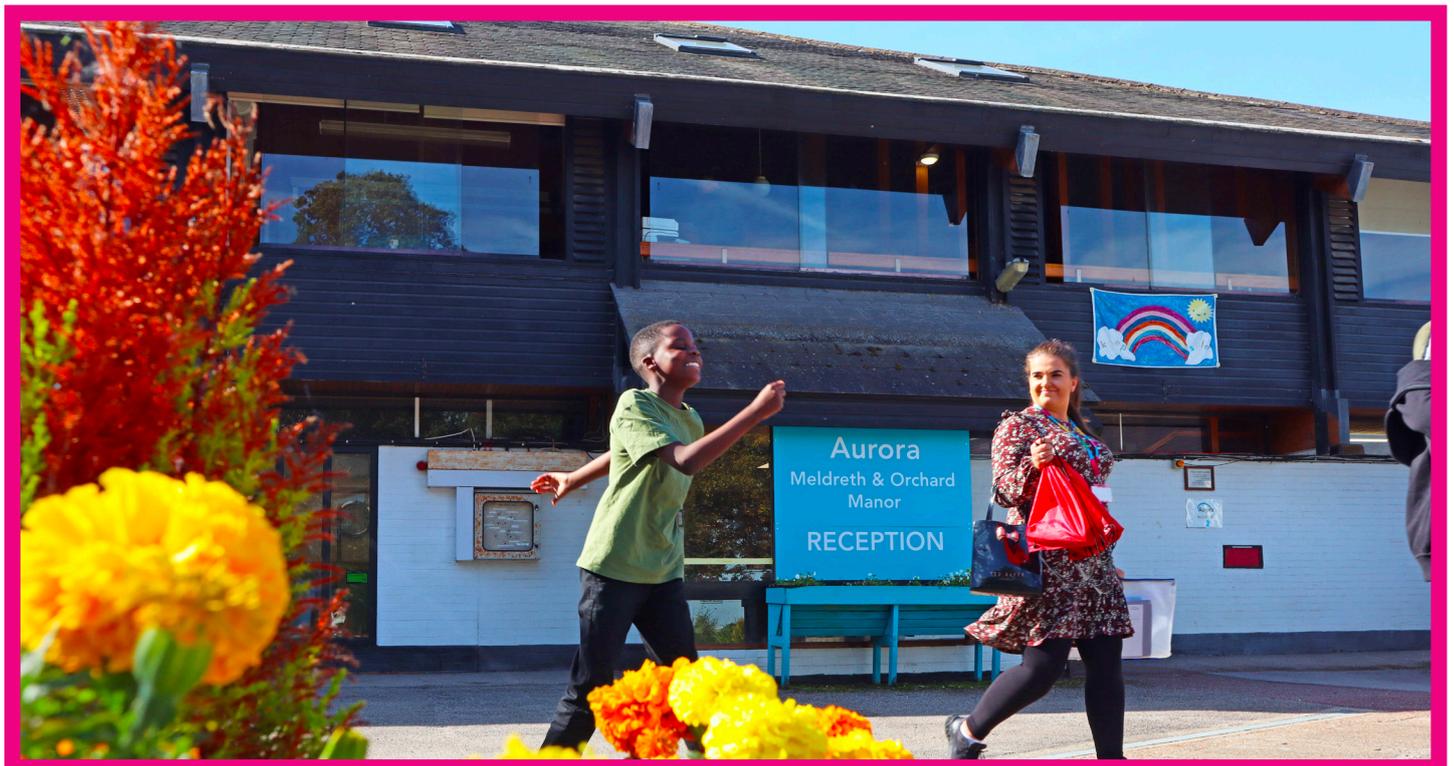

Here at Aurora Meldreth Manor, our students have complex learning difficulties often associated with profound physical disabilities and/or medical needs. Whatever a student's abilities or challenges, we aim to provide them with memorable experiences and stimulating activities that promote self-esteem and personal independence.

This approach is enhanced by the imaginative use of a variety of stimulating resources and environments – from the rich experiences of sound, colour and touch in the sensory room, through to energising rebound therapy and physical development and support in the hydrotherapy pool.

As a registered children's home, we provide students with a vibrant yet homely space in which to live throughout the year. We hope you enjoy reading about our school and residential facilities, and we look forward to welcoming you and your child to our community here at Aurora Meldreth Manor.
