At The Aurora Group

We believe in giving people the opportunities they need to create and lead fulfilling, independent lives.

Established in 2015, we are now the UK's sixth largest provider of education, care and support services for children and young people with special educational needs and disabilities. Each of our schools, colleges and residential homes retains its own unique identity while embracing and embodying our group's core values.

We are caring. We understand that your experience in mainstream care and education may have been a difficult one. We take seriously our responsibility for the children and young people in our care, and are committed to making your time with us as positive and fulfilling as possible.

We are ambitious. We have high expectations of all our children and young people, regardless of what barriers they may have faced in the past. We encourage them to expect more for themselves, while challenging employers and communities to understand and value their diverse needs and attributes.

We are collaborative. Everything we do, we do in partnership with you. We actively seek and listen to feedback from students, parents and staff, to find out what's working well, what we can do better, and how we can further develop all our services to benefit the people we work with.

We are trusted. Our business is funded by ethical investors. They understand that sustainable growth is possible only when we hold ourselves to the highest standards, by delivering consistently top-quality services to every single person we work with.

We are innovative. We begin planning for each young person's future the minute they walk through our doors. We tailor our approach to their unique needs, and are constantly looking for new opportunities to help them explore, enhance and employ their own skills, talents and abilities.

About our school

Aurora Meldreth Manor School is a specialist independent day school supporting children and young people aged 6-19 with a range of Moderate Learning Difficulties and Specific Learning Disability needs including Autism Spectrum Disorders, ADHD and associated difficulties, who require an individualised, specialist approach. Meldreth Manor School is a National Autistic Society accredited Autism Specialist School.

Our person centred curriculum is built around the individual. Our students have their own bespoke route through a play-based curriculum at KS1, three curriculum pathways at key stages 2-3 and preparing for adulthood curriculum from post 14 onwards. The development of life skills and future aspirations is a key learning objective throughout all years and is supported by a robust careers programme specially designed for learners with a complex profile. Our students all have their own bespoke route through our curriculum pathways. Students are taught a varied and rich curriculum to prepare them for adult life. We are aspirational that all our students gain some form of formal accreditation during their time with us.

We are aspirational that students gain some form of formal accreditation inclusive of the Duke of Edinburgh award, Functional Skills, work skills and aspirational subjects such as horse riding and gardening. We make use of strategies that are appropriate to the individual. These may include, Sensory Integration, Intensive Interaction, TEACCH and Attention Autism teaching strategies to support our students.

Development of each student's communication and self-regulation are a significant focus of support. We use a range of communication systems including Makaton signing, ELKLAN, TaSSels, Symbols, switches, low and high-tech devices, such as eye gaze technology and communication books.

The Aurora Curriculum Framework

Aurora values drive everything we do and give us a framework which informs our curriculum (what we teach our children and young people) and provide us with an overarching intent and aim. This helps us understand the impact our teaching has by providing clear and aspirational targets.

The Aurora Curriculum Framework unites us all whilst providing freedom to develop bespoke, ambitious and tailored curriculum models and learning pathways for our students.

We recognise that:

- All students should have access to a broad and balanced curriculum which engages and challenges them.
- All students need to work at a level which is appropriate to their understanding, relevant to their chronological age and at a rate that suits their individual abilities.
- Teaching is approached with the focus on the individual needs of the student.
- Each student should have a tailored curriculum based upon their baseline assessment, previous academic outcomes, long-term learning targets and life aspirations.

The Aurora Curriculum Framework
