In the event of an allegation against the Service Lead, you should contact the Operations Director. An allegation against an Operations Director should be reported to the Quality Assurance Director.

18. Local Procedures

We as service for pupils with a range of needs and as such our children are more vulnerable to all forms of abuse. Communication barriers and negative experiences of education/care in the past may also make it harder for our children/families to disclose concerns. As such we use a range of approaches such as team meetings and briefings, progress reviews and ongoing work to develop strong and supportive relationships to review possible risks and signs of abuse.

We have dedicated support staff who see pupils regularly and are able to identify changes in behaviour that are not related to a diagnosis. Because of this trusted relationship student have a trust point of contact to disclose concerns.

We link with the local authority through

- The Cheshire East Consultation Service (ChECS) is the 'front door' for access to services, support and advice for children and their families, from early help and support through to safeguarding and child protection.

Our designated safeguarding lead is Principal Tracy Whitehurst with Deputies being Sarah Bryce-Bee and Kirsty Jockel. These named people are available during school hours of 8am-5pm daily. However, in case of an out of hours emergency parents should contact the emergency duty team below.

Emergency Duty Team on **0300 123 5022**

The safeguarding system My Concern is used across the service as a secure on line way of logging child protection concerns. This enables DSL/DDSL to have a very clear overview of issues and are able to see trends and emerging problems that can inform support or further teaching within the school.

The school promotes an ethos of safeguarding across all age groups. It is taught regularly during PSHE/RSE and computing curriculums. Parents are also made aware via termly letters/posters as well as ad hoc messages when things arise that parents need to be made aware of. Students are supported and encouraged to speak to staff should they have any concerns or worries.

School Missing Protocol

In the event of any child leaving the school without authorisation all school staff are to follow the procedure below: -

- Immediately inform school reception that a young person has left site and ask them to inform the head teacher or member of S.L.T of the situation.
- Collect school mobile phone to maintain contact to ensure yours / young persons' safety. Ensure that a member of the SLT or receptionist know you have left the building.
- The search will be co-ordinated by the Head Teacher or most senior member of staff available Other staff, will be deployed to search if directed by the co-ordinator.
- Keep the young person in sight. If the young person cannot be seen, do a check of the immediate area and if the young person still cannot be located return to school and inform the head teacher or a member of the senior leadership team.
- If the young person is in close proximity to the school (e.g. if they turned left into Aldi). Ring and inform school of yours and the young persons' location. Encourage a dialog and the young person to return to school.
- If the young person refuses to return and the issue cannot be resolved, contact the site for support after approx. 10 min and inform the Senior Leadership Team of the situation and young persons' refusal to return.
- After this time parents and carers will be notified and requested to make way to school.

Further Guidance

- Staff member off site to be supported by ONE other available member of staff.

Aurora

- Do not leave a young person if doing so puts them at immediate risk of harm e.g., they are young and have no road safety awareness. Remember act to prevent harm if not doing so puts the young person at a greater risk.
- If young person leaves the immediate vicinity on to a main road area, be mindful of following in case this encourages the YP to wander further away. Maintain visual contact, this is to ensure the police can be given accurate information regarding the direction that the young person is heading.
- Return to school once sight is lost and report the young person as missing to the Head Teacher or member of the Senior Leadership Team
- The Head teacher or senior SLT will contact the Police using the grab sheet to provide the most accurate information. Parents and carers will be made aware of the situation and actions taken.
- During the incident use a dynamic risk assessment to judge the impact your presence has on the young person/s and their behaviour, and if needed ask for assistance request a change of staff or return to school if you feel at risk of harm.

Once the YP has returned the head teacher will decide if parents or carers are contacted and the young person remains on site.

A copy of the above protocol is located in the office areas.

If a child is not collected at the end of the session/day, we will:

Continue to support the child on site until contact is made.

Ring all emergency contacts. Once contact is made a member of SLT will remain on site until the child is collected and ascertain what the issue has been in order to prevent a recurrence.

In the case of vehicle issues a member of Staff may use a school car to return a child to their home (In accordance with the young person R.A. and travel needs, this may require more than one staff). A member of SLT will remain in contact with the staff to give guidance and support as needed and to ensure staff arrive safely back on site.

Where no contact has been made over a two hour period the local social services team will be notified for advice.

Where there are noted school wide issues or concerns the DSL may also send/email out guidance and supportive information to improve the welfare of young people, for example, information to ensure parents/carers are informed on specific internet safety precautions.
