

Relationships and Sex Education Policy

Aurora Mansfield School

Policy Reference:	A133-MAN
Version Number:	6
Applies to:	Aurora Mansfield School
Associated documents:	Curriculum policy PSHE policy Child protection policy
Approved by:	Headteacher
Implementation date:	May 2025
Next review due by:	May 2027
<i>This policy has been reviewed to ensure it promotes safeguarding and does not present barriers to participation or disadvantage any protected groups</i>	

0. Summary of changes since previous version of the policy

- Changed R.E.A.L Education to the new Aurora Mansfield School name
- Changed job titles to reflect the new Aurora Mansfield School Structure

1. Aims

This policy aims to:

Provide a curriculum which will help prepare children and young people for puberty, and to understand the importance of health and hygiene and sexual development. We will teach the correct vocabulary to describe themselves and their bodies. At Aurora we help our children and young people to develop feelings of self-respect, confidence and empathy and create a positive culture around issues of sexuality and relationships.

The aims of relationships and sex education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

The RSE curriculum supports Aurora's values by teaching learners to conduct themselves with kindness and concern towards others in developing meaningful, trusting and respectful relationships throughout their life.

2. Legislation and statutory requirements

This Policy fulfils the requirements of:

- › **The Department for Education's** Statutory guidance on [Relationships Education, Relationships and Sex Education and Health Education guidance](#)
- › Section 34 of the [Children and Social work act 2017](#).

3. Scope

This policy applies to all staff, children and young people at Aurora Mansfield School, part of the Aurora Group.

4. Roles and responsibilities

4.1 The Senior Learship Team

4.1.1 Be responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from [non-statutory/non-science] components of RSE.

4.2 Staff will:

4.2.1 Deliver RSE in a sensitive way

4.2.2 Model positive attitudes to RSE

4.2.3 Monitor progress

4.2.4 Respond to the needs of individual pupils

4.2.5 Respond appropriately to young people whose parents wish them to be withdrawn from the [non-statutory/non-science] components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns should discuss them with the Site Lead.

Role:	Responsible for:
Deputy Head – Teaching and Curriculum	Curriculum and Quality of Education
PSHE Curriculum Lead	Curriculum and Quality of Education
Teachers, TA's and HLTA's	Delivery of the RSE curriculum

4.3 The governing board will:

4.3.1 The governing board will hold the headteacher to account for the implementation of this policy.

4.3 Children/young people will:

4.3.1 Engage fully in RSE and treat others with respect and sensitivity, when discussing related issues.

5. Definitions

At Aurora Mansfield School, part of the Aurora Group. Education RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information and exploring issues and values.

RSE is not about the promotion of sexual activity.

6. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Policy Cycle Review

The RSE Policy is reviewed every year by SLT and the curriculum lead. The review considers curriculum updates, legislative changes, emerging issues in education and safeguarding.

Adjustments will be made to the needs of the pupils, best practices, national guidance from the Department of Education, and the PSHE Association.

2. Staff consultation

All teaching and support staff involved in the delivery of RSE will be consulted to ensure the policy supports effective teaching and learning.

Feedback is gathered as part of ongoing consultation and support from the curriculum lead.

3. Parent consultation

Parent/Carers are consulted annually through information evenings, online surveys and opportunities for direct feedback.

During this consultation, parents are given information on the right to withdraw from non-statutory aspects of RSE.

4. Pupil consultation

Consultation will be conducted through student surveys, school council discussions, and focus groups, ensuring diverse student perspectives are considered. Feedback will inform curriculum planning, lesson delivery methods, and support strategies for students with additional needs.

5. Ratification

The Operations Director will assess the policy to ensure it is inclusive, compliant with statutory requirements, and reflect the school's values and ethos. The ratified policy will be published on the school website and shared with staff, parents, and students

6. Monitoring and evaluation

The effectiveness of the RSE delivery will be evaluated through the quality assurance processes including lesson observation, book looks, curriculum reviews, and learning walks.

Any significant issues or concerns raised will be addressed promptly, ensuring the policy remains relevant, inclusive, and responsive to the needs of the school community.

7. Curriculum

Aurora Mansfield School promotes a whole organisation approach to the delivery of RSHE. It is delivered in a non-judgemental, age appropriate, factual and inclusive way that allows pupils to ask questions in a safe environment.

Approaches such as distancing techniques and use of classroom question boxes (encouraging pupils to use their names) will allow pupils to raise issues or ask questions which they may find embarrassing.

Teachers will ensure that pupils' views are listened to and will encourage them to ask questions and engage in discussion.

Ground rules will be developed which will help to ensure discussions and personal questions/comments are managed appropriately and sensitively, along with those questions which are more challenging.

All resources will be selected carefully, and taught content provides opportunities to revisit previous content and allows clear progression.

Topics and lessons are carefully sequenced, within a planned scheme of work.

Teaching includes sufficient and well-chosen opportunities and contexts for pupils to embed new knowledge so that it can be used confidently in real-life situations.

Groupings will be carefully considered by teachers and senior leaders (including the Designated Safeguarding Lead as appropriate) - some classes may be taught in gender specific groups, on a one-to-one basis or within a whole class setting - dependent on the nature of the topic being delivered at the time, the cultural, religious or personal background of pupils, their age and SEND.

Care will be taken to ensure that there is no stigmatisation of any pupil based on their home circumstances and needs, to reflect sensitively that some children may have a different structure of support around them, e.g. children in care or young carers.

There is an awareness that some pupils are more vulnerable to exploitation, bullying and other issues due to the nature of their SEND and appropriate actions will be taken to mitigate this.

There is a balance between teaching pupils about making sensible decisions to stay safe (including online), whilst being clear it is never the fault of any child who is abused and why victim blaming is always wrong.

There is a focus on challenging perceived derogatory views that may lead to prejudice and discrimination, about the legally protected characteristics of age, disability, gender reassignment, marriage/civil partnership, pregnancy/maternity, race, religion/belief, sex and sexual orientation, through exploration of, and developing mutual respect for, those different to themselves.

It must be recognised that young people may be discovering or understanding their sexual orientation or gender identity and all pupils should feel that the curriculum content is relevant to them

Steps will be taken to foster healthy and respectful peer-to-peer communication and provide an environment which challenges perceived limits and builds a positive school culture.

RSE and Health Education is also taught in PSHE, Science and Sport lessons. Lesson may be taught as part of a discrete unit or be embedded within other subjects such as ICT, English and Religious Education.

Pupils have regular access, throughout the academic year, to workshops and RSE and Health Education lessons are taught by external organisations promoting positive sexual health and relationships.

Where necessary pupils will also be signposted to appropriate support and services when required this may include internal and external counselling services, local sexual health services and school nurse.

For a detailed overview of the RSE curriculum, please see Appendices 1

8. Delivery of RSE

Relationship and Sex Education will be delivered explicitly through PSHE lessons during the Summer Term and is also interwoven with Health Education in the Spring Term. We may use external professionals to support this teaching, where necessary. Elements of human reproduction will be taught through compulsory science at varying stages of the curriculum in an age-appropriate manner.

Aurora

The purpose of RSE is to provide knowledge about the processes of growth and development, human reproduction, sexual health, associated risks the importance of relationships, respect and mutual consent, maturity and readiness. At the same time, it should lead to the acquisition of skill and attitudes which prepare children to manage their relationships in a responsible and healthy manner. It provides an important forum for pupils to discuss their own issues and ideas, clarifying issues, gaining correct information, and reaching balanced views.

These areas of learning are taught within the context of loving relationships taking care to ensure that there is no stigmatisation of children irrespective of difference.

9. Safeguarding and Child Protection

At Aurora Mansfield School we are aware that discussion with children and young people during RSE lessons, may lead to a disclosure. If this happens, we will follow the procedures described in our Child Protection Policy. Ensuring that the needs of the child/young person are met sensitively and in a timely manner are paramount to everything that we believe in.

10. Parents right to withdraw

Parents of primary age pupils do not have the right to withdraw their children from relationships education. Parents of secondary age pupils do have the right to withdraw their children from parts or all of sex education over and above what is taught in science up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this. To opt a child/young person out of RSE lessons, complete Appendix 2 and return it to the Deputy Head – Curriculum and Teaching who will then arrange a meeting to discuss your request with you.

11. Staff Training

Staff have access to a range of CPD opportunities throughout the academic year, including the delivery of sensitive topics in PSHE. External visitors may also be invited to provide training to staff delivering the RSE curriculum.

12. Monitoring Arrangements

This policy will be reviewed annually by The Senior Leadership Team.

Appendix 1

PSHE Curriculum Map KS2	
Term and theme	Year 5
Autumn 1 Health and Wellbeing	Healthy Habits Sleep Hygiene Sun Safety Medicines and Household Safety First Aid
Autumn 2 Relationships	Helping Out with Babies Self Esteem and Self Worth Online Behaviour and Risks Stranger Danger
Spring 1 Living in the Wider World	Internet and Screen Time Age Restrictions Careers and Stereotypes Fake News Fires and Bonfires
Spring 2 Health and Wellbeing	Understanding Our Emotions Feelings and Emotions Vocabulary Mental Health and Signs of Illness Physical Health and Signs of Illness First Aid
Summer 1 Relationships	Behaviour and Respect Friendships and Feeling Left Out Friendships Peer Pressure Loving, Stable and Secure Families
Summer 2 Living in the Wider World	Success and Achievement Independence and Responsibility Courtesy and Manners Change, Grief and Loss The Environment and Climate Change
